Index to Volume 34

Subject Index

Access to care
  economic demands influencing, 1135
  effect of regular doctor on, 138
  for Medicare cancer patients, 826
  for non-English speaking patients, 845
  obstetric care provider density and, 1066
  for veterans, MS45
Acquired immunodeficiency syndrome. *See also* Human immunodeficiency virus
  clinical predictors of functioning with, 610
  health-related quality of life and social characteristics affecting hospital use in patients with, 1037
  severity classification system for, 178
  SF-20 score and item distributions in patients positive for, 562
Activities of daily living-disabled, informal caregiving for, 524
Acute-care beds, overutilization of in VA hospitals, 85
Administrative data, record linkage strategies and, 570
Adult Use of Tobacco Survey, OTC medications and, 389
Advance directives, psychometric analysis of, 1057
Age, in medical decision making, 126
Aging, comorbidity and survival with, 1093
AIDS. *See* Acquired immunodeficiency syndrome; Human immunodeficiency virus
Alabama, ambulatory care site selection in, 348
Alcohol dependence, validation of outcomes module for, 283
Ambulance service, rural, 1085
Ambulatory care
  patient's choice of, 348
  provider performance in Medicaid program, 798
  variability and bias affecting quality measurement of, SS87
Ambulatory Care Medical Audit Demonstration Project
  appraisal of results of, SS102
  methods and findings of, SS3
  research design of, SS12
Ambulatory-care sensitive conditions, definition of, 138
Angioplasty, elective, health changes after, 754
Antibiotics, specialist and generalist physicians' adoption of for *Helicobacter pylori* infection, 1199
Appointment reminders, computer services for, OS1
Appropriateness
  of acute-care bed utilization in Veterans Affairs hospitals, 85
  variations in rating for by specialty, 512
Assessment scales, responsiveness of, 234
Asthma, impact of inhaled corticosteroids on, 1188
Attitudes
  about quality assurance intervention, SS77
  compliance with national clinical practice guidelines and, 873
  of family physicians toward health care systems, 837
  of health care workers to hepatitis B vaccine, 58
  on input of older and younger patients in medical decisions, 126
  measured by advance directives, 1057
Australia
  guidelines on economic evaluation of pharmaceuticals, DS211, DS216, DS226
  sex of general practitioner in, 403
Autonomy, of patient in medical decision making, 126
Awareness-to-adherence model, in clinical guideline compliance, 873
Back. *See* Low back care
Baldridge system, implementation of, MS55
Benefit-cost analysis. *See* Cost-benefit analysis
Birth outcomes, cost of poor, 1219

Blacks
medical outcomes survey of, 537
in NHSC rural sites, 439
self-reported health of caregiving grandparent, 1072
treatment differences for colorectal cancer, 970
Bond default, hospital, 1121
Book reviews, 1163
Behavior and Medicine, 506
Behavioral Science for Medical Students, 506
Behavioral Science in Psychiatry, 506
Synopsis of Psychiatry: Behavioral Sciences/Clinical Psychiatry, 506
Bootstrap nonparametric statistics, on patient-doctor communication, 641
Boston Health Study, of hospital use by AIDS patients, 1037
Breast cancer
assessment of emotional well-being in international adjuvant trial of, 234
breast-conserving surgery for, 479
dissemination of clinical results for, 1003
Breast Cancer Study Group, International, 234
Bronchial asthma, inhaled corticosteroids and hospitalization for, 1188
Budgets
global, MS21
in total quality management of hospitals, 463
California
differentiation and specialization in hospital industry of, 361
medical care access in rural communities of, 1135
Canada
diagnostic tests in hospitals of, 117
family physician attitudes toward health care systems in, 837
guidelines for economic evaluation of pharmaceuticals in, DS77
Cancer
breast, 234, 1003
emotional well-being with, 234
Medicare disenrollment of patients with, 826
prostate, factors determining treatment of, 152
treatment differences for between blacks and whites, 970
Capital, debt to total, 1121
Capitation
in Medicaid HMOs, 249
risk-adjuster for, 549
in VA resource allocation systems, MS21
Cardiovascular disease, quality of life measure for, 1102
Caregivers
of children of crack cocaine epidemic, 1072
employment of, 524
Caregiving, full-time employment and, 524
Care-seeking patterns, of inner-city families using emergency rooms, 1171
Case mix, provider performance and in Medicaid program, 798
Cervix neoplasm, management choices for, 336
Charlson index, for comorbidity measurement, 73
Child care, computer services for, OS1
Children
of crack cocaine mothers, 1072
economic demands influencing medical care access of in rural communities, 1135
Chiropractic services
cost sharing and use of, 863
costs of for low back care, 191
Chronic fatigue syndrome, disability and, 924
Chronic illness
physician practice style and hospitalizations for, 594
provider performance in Medicaid program, 798
Clinical development program, economic assessment within, DS89
Clinical guideline adherence model, for pediatric immunization, 873
Clinical information, management of by VA, MS31
Clinical performance measurement, comorbidity-adjusted complication risk in, 490
Clinical predictors, of functioning in AIDS patient, 610
Clinical results, breast cancer, dissemination of, 1003
Clinical strategies, resource constraints and, 931
Cocaine use, in pregnant women, telecommunications network for, OS10
Colorectal cancer, treatment differences among races for, 970
Commentary, on economic evaluation of medicines, DS153
Communication, with non-English speaking patients, 845
Community, in perception of health-care experiences, 911
Community health care
guide for planning, 264
prevention of falls among elderly in, 954

Community Health Rap, OS21
Comorbidity
complication risk and, 490
in explaining patient cost differences, 767
in hip fracture repair patients, 310
measured by questionnaire *vs.* medical record review, 73
in predicting survival and length of hospital stay, 1093
Comorbidity-adjusted complication risk (CACR), 490
Competition
in California hospital industry, 361
in hospital efficiency, 205
Compliance
awareness-to-adherence model in, 873
computer immunization reminders and, OS45
in pregnant women using cocaine, OS10
Complications, comorbidity-adjusted risk of, 490
Computer applications
application of to disease management, OS52
for patient care, OS1
for patient education, OS21
for patient reminders, OS45
for pregnant women using cocaine, OS10
in record linkage strategies, 570
self-help and support groups on, OS32
Computer bulletin boards
in patient education, OS21
for pregnant women using cocaine, OS10
for self-help and support, OS32
Computer modeling
interactive, DS165
in planning community-oriented health care, 264
Consumer choice, in spending accounts, 583
Consumer satisfaction, sponsorship in survey of, 327
Continuity of care, provider choice and, 723
Coronary angiography, record linkage strategies in managing, 570
Coronary revascularizations, health changes after, 754
Corporate downsizing, hospital performance and, 672
Corticosteroids, inhaled, asthma hospitalization and, 1188
Cost analysis
information system design in, MS69
for low back care, 191
Cost effectiveness
in health and medicine, DS197
of multifactorial targeted prevention program for falls among elderly, 954
Cost-benefit analysis, for drug- abuse interventions, 890
Costs. *See also* Economics
of acute asthma hospitalization, 1188
allocation by VA, MS83
comorbidities in explaining differences in, 767
cutting in Medicaid HMOs, 249
